Purpose

The purpose of this position is to provide psychological assessment, consultation, therapeutic interventions, and professional services to people with disability in line with the goals of their National Disability Insurance Scheme (NDIS) plans, individual goals or other related psychological tasks as required.

Focus

To achieve this purpose, the position holder would typically

- Provide high quality, cultural appropriate psychological interventions to people with disability, often in relation to complex or challenging behaviour.
- Understand and select appropriate psychological assessment/s based on that persons need and support those decisions in report writing.
- Include any psychological related health and medical needs into both the assessment and the intervention recommendations using best practice standards.
- Participate in collaborative discussions with clients, carers/family and other health professionals to achieve the best outcomes for the client's current risks and to map with that group the goals and evaluation required to achieve those.
- Provide education to client and carer/family as necessary appropriate to their need and level of ability, to allow understanding of the implications recommended.
- Implement appropriate evidence based services that meet the needs of client according to the goals and within the allocated hours of the NDIS plan or as per TBS requirements.
- Participate in support planning processes for clients to deliver coordinated, effective service provision that meets the goals of the client's NDIS plan.
- Keep up to date records and necessary reports eg. Support plans, assessment reports, intervention summaries.
- Consult with supervisors, other psychologists and other team members regarding clinical issues.
- Maintain knowledge and psychology best practice to bring to team meetings and client discussions.
- Maintain consistency and quality psychological services for all clients equitably.
- Attend and participate in team meetings and supervision.
- Report resource needs and clinical issues to the manager.
- Use available technology, resources, systems and processes to ensure an efficient service for clients.
- Follow all policies and procedures outlined for disability services.

This position may be offered as a specialisation:

- For example, Senior Psychologist

Where the role is offered as a specialisation the position holder would typically:

- Support clients with more complex needs.
- Coach, advise and provide on the job support to other team members to enhance quality and culturally appropriate psychological interventions.
- Promote evidence based psychological therapy practice and provide coaching, mentoring and supervision to other psychology staff.
- Work in collaboration with other Senior Clinicians to monitor, develop and improve clinical service provision.

When things are going well we would expect to see these outcomes:

- Outcomes**
- The team works collaboratively to ensure services are coordinated efficiently and effectively to meet the client's goals and outcomes as identified in the NDIS plan.
 - Psychological services are timely, efficient and effective. They meet the goals identified by the client, their families/carers within available resources.
 - Services for clients with complex needs are well coordinated, efficient and effective and goal focussed.
 - Services provided are clearly understood by the client, their family/carers and the multidisciplinary team.

We work collaboratively with others, however this position works close closely with:
